LIBRARY MEMBERSHIP

Your donation to the Library of Vietnam and/or Library of Laos Projects will make you a holder of the most unique Library Card in the world. Your membership and support help bring the wonder of the Library to the children and peoples of Vietnam and Laos.

As a part of the Library of Vietnam and Library of Laos family you will be helping to build a very special future between the peoples of Vietnam, Laos and America. Your Library card marks your generosity in a way that will be a source of pride and accomplishment as we continue to build Libraries in an historic effort to build National Library Systems in Vietnam and Laos. Neither country has ever had a National Public Library System such as we know in America.

As Americans, knowledge, prosperity, friendship and peace have always been our very best exports. Through your library membership you are not only a builder of libraries and learning centers, and ongoing programs for their best use. You are also a builder of the future of America, Vietnam and Laos working together in peace and prosperity in the 21st Century and beyond....the war is over, it is truly A NEW DAWN, bright and beautiful with the stars before us.

Your support of this dream is a tribute to all who died in Southeast Asia. They shall not have died in vain—we remember, we have learned, and we have broken the cycle of vengeance forever between our countries. We Thank you for your continued support and we look forward to keeping you abreast of our work together that YOU make possible.
